Bigger on power
and performance
Samsung Notebook RF711

Designed to go. Powered to perform.

www.samsungcomputer.com

Windows®. Life without Walls™. SAMSUNG recommends Windows 7.

Behind the Samsung RF711 notebook's stylish, yet minimalist looks lies a whole new world of rapid interactivity and stunning multimedia. The combination of its 17.3" HD+ LED Backlit display, featuring 280nit brightness and 16 million colors, and a powerful nVIDIA graphics card* provides amazing image clarity and color intensity for an exceptional video and gaming experience. And packed inside is a host of the most advanced mobile technology available today – like the intelligent processing of the latest Intel® Core™ i7/i5/i3 Processor*, the effortless multi-tasking of Windows® 7 Home Premium* and stunning audio reproduction of its innovative Enhanced Acoustic Chamber System. Also, with Samsung Fast Start, you can enjoy the RF711 anytime, anywhere, because it wakes from sleep mode within seconds of opening the display or pressing the power button. Furthermore, with a huge data storage capacity that's expandable to over 1.5 Terabyte* using a dual bay the one thing you never have to be without is your music, movies and pictures – just grab it and go!

Why Samsung PC?

A TRUSTED BRAND

Through a dedication to quality, performance, technology, design and service, Samsung has risen to become one of the fastest growing PC vendors in the world. This has helped Samsung become the largest electronics company in the world.

BETTER PERFORMANCE & BETTER TECHNOLOGY

Samsung PC products are continually celebrated by the world's media for outstanding performance – including "Product of the Year 2009" awards from Wired (US), Mikro PC (Finland), and PC World (China & Poland).

UNRIVALLED PRODUCT QUALITY

We manufacture the vast majority of our laptop components, so we can be certain they are world class. Our vigorous quality assurance program and ISO standard manufacturing process, also ensure that only the best products make it through to the customer.

DESIGNED TO TURN HEADS

Through worldwide design centers and partnerships with product designers, we have created laptops with style that have won prestigious design awards such as the iF and IDEA Design awards and the Good Design 2009 "Gold Award".

WORRY-FREE SERVICE

We're committed to providing the best, most timely customer service in the industry and proud to be recognized as the leader in customer service satisfaction (ranked #1 for customer satisfaction in the notebook PC category by C'T Magazine Germany in May2010).

Works the way you want.

Windows® 7

Windows®. Life without Walls™. SAMSUNG recommends Windows 7.

Outstanding graphics

The RF711 brings movies, games and images bursting into life with its outstanding high definition, widescreen capability and exceptional picture quality.

17.3" HD+ LED backlit display

The gloss LED backlit display produces the sharpest images and boldest colors display with an exceptional 280nit brightness and 16 million colors. Its 16:9 aspect ratio also ensures the most accurate, full screen representation of HD movies and games, without annoying black bands.

High definition webcam

A 1.3M HD webcam lets you record much clearer and smoother images and play videoclips in widescreen high definition, so you can see more of what's going on.

Enhanced usability

The RF711 includes a range of advanced tools and features to help you stay in touch and get things done fast.

Fast Start

Don't waste time waiting to power up. "Fast Start" lets you start your notebook and wake up from sleep mode within just seconds of opening the display or pressing the power button. In this advanced sleep mode, data is also saved on HDD as well as memory, so your content is ready, just as you left it, even if power is suddenly lost or you change the battery.

Rapid data transfer

USB 3.0 ports lets you share pictures, movies and data with virtually any modern device at speeds that are much faster than USB 2.0.

Extensive wireless connectivity

Advanced communications technologies, including 802.11b/g/n (2x2) wireless and Bluetooth 3.0 High Speed, provide high speed access to the Internet and your data anytime and anywhere.

Easy file share

Quickly and securely copy files, images, music or share information wirelessly with any other notebook, netbook or wireless-enabled Samsung PC via an ad-Hoc Wi-Fi connection. If you buy a new PC it also makes it very easy to transfer all of your files.

Easy control button

Convenient multimedia control buttons lets you turn your wireless signal on or off with one touch or instantly control your volume by muting it or turning it up or down.

Multimedia performance

The RF711 is designed to enhance your life on the move with its powerful processor, brilliant graphics and comprehensive multimedia capability.

Smarter and faster performance

Features the state-of-the-art Intel® Core™ i7 (up to Quad Core)/i5/i3 Processor*, which accelerates performance by dynamically allocating processing power where it's needed most using intelligent Turbo Boost technology.

Hybrid graphics

The NVIDIA® Optimus™ graphics card (incorporating NVIDIA GeForce GT 540M with up to 2GB memory)* delivers a great graphics performance for intensive activities like gaming, but also seamlessly extends battery life by automatically switching to only using the internal Intel graphics for more basic applications.

Enhanced acoustic chamber system

SRS Premium Sound™ delivers more natural and realistic 3D sound for music, movies and games with its bigger acoustic chambers. The RF711 provides enhanced bass, crystal clear dialog and better definition control for maximum clarity at high frequency.

Extensive data storage

With a Hard Disc Drive (HDD) capacity that's easily expandable up to over 1.5 Terabyte* and an I/O speed of 7200rpm** you can safely store and quickly access all of your music, movies and pictures wherever you are, without having to carry a separate external HDD.

Easy multimedia content sharing

Easy Content Share software, based on AllShare™ technology, makes it easy to play multimedia content, including video, photos and music, in multiple Samsung devices.

Peace of mind

The RF711 is the ideal choice if you like to play things safe and longer, as it is designed to protect you and your data from the risks of everyday life.

PowerPlus battery

Delivers much greater long-term value and reliability with a significantly increased battery lifespan. There's a "battery life extender mode", so the battery lasts up to 3 times longer than a conventional battery, and an "express charging mode" for shorter charging times. It also has an extensive battery life.

Simple data back up

Samsung Recovery Solution automatically and regularly backs up your data to the hard drive (or users can also back up to an external hard drive), so it can easily be restored, giving you the peace of mind that you're always protected.

International warranty service

Samsung's award-winning warranty service*** provides a fast track collection repair and return service in order to minimize disruption and get you going again as quickly as possible.

* Factory option.

** Supports 5400/7200rpm

*** Warranty service availability and response times may vary from country to country and may also be subject to registration requirements in the country of purchase.
